

KRINGLE CANDLE®

A HERITAGE IN FRAGRANCE

The Kringle Candle Company family has been in the candle business for over 40 years. You may remember, Michael Kittredge II, the founder of the Yankee Candle Company. His passion for fragrance and quality transformed a small basement startup into a highly successful business that became the candle industry model.

Many years after selling the company, Michael's son, Michael (Mick) Kittredge III, made his first candle as a college course requirement. Father and son soon realized there was a void in the candle market, and began crafting candles once again. In late 2009, Mick started the Kringle Candle Company, and today the company is the leading manufacturer of their signature white, exquisitely-scented Kringle Candle brand.

In 2017, Kringle Candle proudly expanded its product line by introducing the Country Candle brand of multicolored, highly-scented candles "the way it used to be." Country Candle 2-wick jars are as familiar to them as they were 40 years ago. The classic shape was the only choice to feature their original Kittredge Family recipes of yesterday and today. Kringle & Country Candles are made in the USA, incorporating American ingredients and handcrafted from start to finish in New England.
